

The Department of Microbiology and Immunology
School of Medicine
University of North Carolina at Chapel Hill

Fall 2014 Seminar Schedule

DATE	SPEAKER AND SEMINAR TITLE	HOST
September 2	Uma Nagarajan, Ph.D., UNC-Chapel Hill, " Intracellular innate-sensing and host response to <i>Chlamydia trachomatis</i> infection. "	Toni Darville
September 9	Andrew Camilli, Ph.D. Tufts University School of Medicine, " Study of <i>Vibrio cholerae</i> Life Cycle and Ways to Prevent Infection. "	Rita Tamayo
September 16	Jun Ninomiya-Tsuji, Ph.D., North Carolina State University, " TAK1 control of cell death. "	Ed Miao
September 23	Jyothi Rengaraja, Ph.D., Emory University School of Medicine, " Immune Modulation in Tuberculosis: Perspectives from Mice and Humans. "	Miriam Braunstein
September 30	Richard Kuhn, Ph.D., Purdue University, " Dengue virus: challenges in understanding virus replication and assembly. "	Aravinda de Silva
October 14	Sean Whelan, Ph.D., Harvard University, " TBA " <i>Co-sponsored by the Burroughs-Wellcome Fund</i>	Blossom Damania
October 21	Thomas Tedder, Ph.D., Duke University Medical Center, " Regulatory B Cells in Health and Disease. "	Roland Tisch
October 28	Toni Darville, M.D., UNC-Chapel Hill, " Identification of <i>Chlamydia trachomatis</i> antigens that induce protective responses in humans and the women who would most benefit from a vaccine. "	Wesley Burks
November 4	Vishva Dixit, M.D./ Ph.D., Genetech, " Signaling lessons from Death Receptors: The Inflammasome and Beyond. "	Ed Miao
November 11	Sean Crosson, Ph.D., University of Chicago, " A multi-scale analysis of microbial stress signaling. "	Rita Tamayo
November 18	Katya Heldwein, Ph.D., Tufts University School of Medicine, " Mechanisms of host manipulation by herpesviruses. " <i>Co-sponsored by the Burroughs-Wellcome Fund</i>	Bill Goldman
November 25	Charlie Surh, Ph.D., Scripps, " TBA "	Yisong Wan
December 2	Guido Silvestri, M.D., Emory University School of Medicine, " Target cell restriction in AIDS pathogenesis and eradication. "	Kristina De Paris
