

Appendix B: Student Pre-GCAT Survey

What year in school are you?

- Freshman
- Sophomore
- Junior
- Senior

What is your gender

- Male
- Female

What is your ethnicity

- Caucasian/white
- African American/black
- Hispanic/Latino
- Asian American
- Multi Racial
- Other

Which of the following fits the description of your Major best?

- biology
- pre-medicine
- education
- chemistry
- mathematics/computer science
- physics
- non-science

What is your approximate overall G.P.A.?

- 3.50-4.00
- 3.00-3.49
- 2.50-2.99
- 2.00-2.49
- 1.50-1.99
- 1.00-1.49

Is this course a requirement of your major?

- Yes
- No

Based on the title/content, which of the following courses have you completed?
(choose all that apply)

Introductory biology
Genetics
Microbiology
Immunology
Inorganic chemistry
Organic chemistry
Developmental biology
Neuroscience
Calculus
Statistics
Physics
Molecular biology/genetics
Cell biology
Biochemistry
Genomics
Bioinformatics
Probability
None of the above

If you intend to continue your education beyond undergraduate school, then in which field?

None
Biology: behavior, ecology of field biology
Biology: cell, molecular, genetics, biochemistry
Medicine
Mathematics/computer science
Law
Chemistry
Physics
Education
Non-science
Don't know

Which types of lab research experience have you had in college?

Introductory labs
Upper level labs
Independent study
Thesis research
Laboratory technician
Summer research
No previous experience

For the following areas, please rate your change in interest and understanding
1 = decreased a lot, 7= increased a lot

Genomics

Biology

Research
